WOOD SPLITTER

Double acting 90mm hydraulic ram.

QUICK HITCH

Double clevis for lower link arms, strong and reliable, no threaded pins to come loose

TRANSPORT TRAY

Heavy duty 25mm treated timber deck.

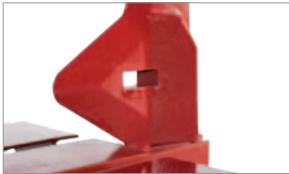

Wide work bench area, to cope with the big logs.

Interchangeable Category 2 or 3 towing pin with a Wearalloy base plate for the towing eye rest, extending the life of the hitch.

Stock crate with easy slide gate and removable sides.

Unique splitting wedge, solid high-tensile casting.

Locking latch, designed strong to lock the towing eye securely in place

Full steel front - swaged galvanised sheet steel at front keeps tray clean.
