FINISHING MOWERS

FM-100 model shown

FM-150 model shown

Uses:

Perfect for use when presentation is essential ~ ideal for work around golf courses, sporting fields, parklands, homesteads and roadsides ~ side discharge model for use in areas where the cuttings need to be thrown clear – like under orchard trees and along fence lines.

Features:

Rear or side discharge models available ~ 4 independent height adjustable castor wheels allow the mower to contour over uneven surfaces to provide an even finish ~1-3 high strength cutting blades for a more precision finish ~ floating top hitch to increase surface contouring.
