Pasture Harrow

Pictured : 4' (1.2m) model

A robust harrow ideal for pasture renovation, landscaping, horse arenas, race tracks, sport fields and for seed/fertilizer incorporation. Excellent value for money.

- 12mm scarifier tines breaks up manure, loosens hard surfaces and increases aeration which in turn stimulates new growth.
- 12mm rear smudger bars spread manure and help level the ground.
- Simple flexible design follows the ground contours without tangling up.
- Self cleaning flexible action.
- Trailing design with sturdy 100 x 50 channel iron draw bar and 12mm towing chain.
- Trailing weights - 2 on 4'(1.2m) - 6'(1.8m) models and 4 on 8'(2.4m) - 12'(3.6m) models
- Optional lifting frame available for easy transporting.
- 4'(1.2m) model can also be used behind ATV's.
- Very low maintenance.
