

'Your Tractor's Best Friend'

ROTARY HOES

IGN-135 model shown

Uses:

Whether you are laying turf around a golf course or growing small crops, the rotary hoe is perfect for preparing your top soil for planting ~ creates a seed bed finish and is ideal for crop and lawn preparation ~ improving productivity, as well as presentation.

Features:

Adjustable rear flap for safety as well as providing a smooth finish ~ 6 extra strong blades per flange for a more thorough tilling of top soil ~ height adjustable skids for depth control ~ extra strong design for long life & reliability.
