

ACTIS

Mounted Sprayers

100 litres

Steel booms from 2 to 4 metres

THE SPRAYER THAT EVERYONE CAN AFFORD

The KUHN ACTIS P100 means that spraying using compact tractors has never been so simple. The ACTIS P100 is well adapted for the maintenance of drives and green areas. The ACTIS P100 will prove to be a valuable asset for your compact tractor whether your sprayer is 12V electric or PTO driven, with or without a boom

Wide range !

Two pumps are available on the ACTIS 100 :

- The 12V electrical pump with a flow rate of 8 l/min is simple to install. All you have to do is connect this to the battery of your compact tractor.
- A PTO driven two-membrane-piston pump PM20 has a compact design. The PM20 with membrane pistons gives good compromise between regular flow (20 l/min) and pressure (30 bars), making the ACTIS a truly versatile sprayer.

Two types of boom are available :

- RDE 204 – 2 metres – 4 nozzles with folding and retractable safety springs.
- RDR 306 – 3 metres – 6 nozzles – Rear folding and safety system.
- RDR 408 – 4 metres – 8 nozzles – Rear folding and safety system.

Hand wash tank :

The ACTIS 100 has a 15 litre hand-wash tank in case contamination occurs.

Regulation by constant pressure :

Pressure is regulated via the intermediary function of the BY-PASS. The 3 output distributor can power two boom sections as well as a spray lance.

FEATURES	ACTIS 100	
Chassis	Welded monocoque	
Tank	Polyethylene graduated with sump	
Tank capacity (l)	100	
Hand washing tank (l)	15	
Pump	12 V/8 A electric	PM 20 - universal joint drive
Flow rate (l/min)	8	20
Pressure (bar)	3	30
Filtering	Double (filling and suction)	
Distributor	2 outputs	3 outputs
Control	Constant pressure	
Stirring	Hydraulic return tank	
Boom	RDE 204	RDE 204 - RDR 306 - RDR 408
Lance	Telescopic lance 1.20 m with 10 m of hose	

Optional equipment :

RDR boom equipment kit, EV25m roller equipment kit and ETESIA BAHIA adaptor kit with electronic control.

Dimension and weight (without equipment)	LENGTH (cm)	WIDTH (cm)	HEIGHT (cm)	WEIGHT (kg)
P100	75	90	85	60

ACTIS :

5 KEY POINTS FOR QUALITY SPRAYING !

1. COMPACT
2. EASY TO USE
3. QUALITY AND PRECISION
4. VERSATILE
5. CONVENIENCE AND EQUIPMENT

Certain services are not available in some countries

Landscape maintenance is a job for professionals.

The difference is KUHN...

- Extensive know-how in **agricultural spraying** with machines up to 7700 litres and 48m booms.
- Authorised dealers are here to advise you, trained in all the latest product developments, they will help you choose the most suitable appliance
- Informative product **technical documentation** available on all machines.
- Spare parts **readily and rapidly** available at competitive prices.
